#1

Wills & Inheritance Writing or Making a Will?

People who have been bereaved have enough to think about. If someone's death has left you with questions about inheritance, Eatons will resolve them sensitively and fairly. When it comes to your own Will, we will make sure the people you care about most do not have your finances to sort out on top of everything else.

#2

Powers of Attorney & Deputyship Orders Which one do I need?

There are various ways in which Eatons can help. An example may be where a loved one is ill and no longer able to manage their finances but you are encountering stressful situations due to the Data Protection Act. Eatons can help by preparing the legal documentation needed to ensure matters proceed smoothly.

#3

Probate & Intestacy When a relative passes away, you will have enough to worry about

Grants are not always required and the general rule is that if an estate has more than £5,000 in it and/or a property, a Grant will be required. Whilst you can deal with some aspects yourself, this can be overwhelming so we are more than happy to deal with all aspects of an estate.

#4

Residential & Investment Property Moving house? Investing in property?

At Eatons we appreciate that buying a property as your home or as an investment property can be one of the biggest and perhaps most stressful activities you undertake. As a result, our expert team of conveyancers and property professionals do everything they can to make the process as simple and straightforward as possible.
